## The Children's Health and the Environment 9th Annual Conference

**October 14, 2011 • 8 am – 5 pm**

**Children's Hospital of Philadelphia North  
3535 Market Street  
16th Floor Conference Center  
Philadelphia, PA 19104**

To register, visit [www.ChildrensNational.org/macche](http://www.ChildrensNational.org/macche)  
or e-mail [macche@cnmc.org](mailto:macche@cnmc.org).

This year's conference will focus on:

- Emerging threats in environmental health and their effects on children
- Hydraulic Fracking
- Asthma
- Healthy Homes/Schools

***Continuing education credits for this activity are pending.***

The Mid-Atlantic Center is based at Children's National Medical Center and is one of ten Pediatric Environmental Health Specialty Units (PEHSU's). We serve Pennsylvania, Maryland, West Virginia, Virginia and Washington, DC. Part of our mission is to educate the health professional community on children's environmental health and our annual conference is central to that mission.

*Sponsored with:*

- Children's Hospital of Philadelphia
- Drexel University School of Public Health
- US EPA Region3
- Agency for Toxic Substances & Disease Registry
- National Capitol Poison Center
