III. PROCEDURE

Eligibility for Financial Assistance

Eligibility for Financial Assistance will be considered for individuals who are uninsured, underinsured, ineligible for any government health care benefit program, or unable to pay for their care, based upon a determination of financial need in accordance with this FAP, and have resided in the PSA for at least 6 months. This policy may cover patients that do not reside in our PSA when the hospital is required to stabilize the medical condition of the patient before discharge.

Financial need will be determined in accordance with procedures that involve verifying income and residency in our PSA. The patient or the patient's guarantor will be required to cooperate and complete the FAP Application and provide the following:

1. Documentation of gross monthly Family Income. These documents will include pay stubs for the last six (6) weeks worked, or award letters for unemployment, worker’s compensation, or public assistance, alimony, retirement, and/or disability income. This can include notarized support and unemployment statements. If self-employed, provide an income tax return for the past 2 years.

2. Proof of ineligibility for State/Federal/Local medical assistance programs unless applicant is known not to be eligible for such coverage. (If we are unable to determine your eligibility by your income, you must provide proof of a denial).

3. A valid current form of identification for the patient, parents, or guardian. This can include a passport, birth certificate, alien registration card, work authorization or any government picture ID with the name and address printed on it.

4. Proof of address – This can include a copy of your current lease, mortgage statement, rent receipt, or a notarized letter from your landlord.

5. If applicable, school verification or report card for patient.

6. Other documents as needed to determine eligibility.

The granting of Financial Assistance shall be based on an individualized determination of financial need, and shall not take into account age, gender, race, creed, disability, social or immigrant status, sexual orientation, or religious affiliation. CNMC/HSC shall determine whether or not patients are eligible to receive Financial Assistance for deductibles, co-insurance, or co-payment responsibilities.
CNMC/HSC will make reasonable efforts to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist patients to apply for such programs. CNMC/HSC may make inquiries to obtain reports from third parties such as credit agencies to determine whether they may be presumptively eligible for Financial Assistance to relieve the financial burden. CNMC/HSC will make Financial Assistance determination within two business days of receiving a completed application, including all required documentation. Financial Assistance will be denied for patient’s that submit an incomplete application or submit documents that cannot be verified. The Financial Assistance by CNMC/HSC will be granted for a period of 6 months to 1 year from the Effective Date. Patients can re-apply for continued Financial Assistance by contacting the Financial Information Center. Provisions are established for individuals with religious objections that make them unable to apply for financial assistance.

**Basis for Determining Financial Assistance**

Services eligible under this FAP will be made available to the patient in accordance with financial need as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. Once a patient has been determined by CNMC/HSC to be eligible for Financial Assistance, that patient shall not be responsible for any future bills until the Expiration Date. The basis for the amounts CNMC/HSC will charge patients qualifying for Financial Assistance is as follows:

a. Patients whose Family Income is at or below 400% of the FPL and who have resided in our PSA for at least 6 months are eligible for full Financial Assistance. This provision is intended to meet the definition of "sliding scale fee" as defined by the DC Health Professional Loan Repayment Regulations (D.C. Code § 7-751.01- §7-751.17, as may be amended from time to time) and applicable Guidelines.

All patients eligible for Financial Assistance are charged less than AGB as all eligible patients do not receive a bill for emergency or Medically Necessary Care.

For patients who qualify for Financial Assistance, CNMC/HSC will not send unpaid bills to outside collection agencies and will cease all collection efforts. CNMC/HSC will not pursue garnishment of wages, liens on a primary residence, applying interest to the debt, adverse credit reporting, filing of a lawsuit or any other extraordinary collection efforts.
